

Lord's Match Day Optimum Traffic Scheme

Although the Society was told by the Council as recently as May 2011 that the Council was "fine tuning" a traffic management order we have now been informed by Councillor Robert Rigby (the Chair of the Lords Community Group and Regents Park Ward Councillor) that because of the man-power required to conduct the Westminster Parking Policy Review (2010-2011) there was insufficient resource at the Council to reinstate any of the Traffic Management Orders that used to be in place to ease traffic flow on major match days at Lords let alone to produce an optimum parking scheme. At present both the MCC and the Society are awaiting confirmation from Councillor Rigby as to whether the Council believes it will be able to produce a scheme in time for the 2012 season. If anyone would like to be more involved with what is going on with this and other issues concerning Lords then please do phone 08445796949 (ext: 11031) or email lordsneighbourhood@yahoo.co.uk. In addition more information can be found on the Lords Community Group website
